## THE CHASE FOR THE GOLDEN BLADE

Founded in 2006, the Chase For The Golden Blade is open to all USLMRA Local Chapters: win a trophy at a STA-BIL National Lawn Mower Racing Series event and your designated Chapter gets a point. The Chapter that has accumulated the most points at the conclusion of the season wins the Golden Blade.

The Chase For The Golden Blade was created to promote a friendly rivalry between all sanctioned Local Chapters of the USLMRA. The actual award is a perpetual plaque that is passed on to the winning chapter at the conclusion of the racing season. The winning Chapter has their name added to the plaque and maintains possession until it is passed on at the conclusion of the following season. Along with plaque comes bragging rights.

The inaugural year of the Chase was won by the Michigan Lawn Mower Racing Association. The Florida Lawn Mower Racing Association was a close second. The 2007 season saw a reversal in the final trophy tally with Florida accumulating the most trophies and Michigan taking second. The Golden Blade remained in the Sunshine State for 2008 and 2009, but in 2010 it returned to Michigan.

Here's to friendly, safe racing...and the Chase for the Golden Blade!

### Dave Hertel Mowtivation Award

(Established 2005)

Named in honor of USLMRA Tech Inspector and "everybody's good friend" Dave Hertel.

"Words fail to describe how I feel after having read this email. My only thought is what a wonderful honor to be bestowed on my husband. I know without a doubt Dave would have a smile the size of Texas and of course, be indulging in the greatest award of lawnmower racing, "BRAGGING RIGHTS". Have a safe racing season. Thank you so much for forwarding messages from the racers. It brings peace to my heart. May everyone love the sport and keep it safe, competitive and friendly." Yolie Hertel

I am deeply touched that there is an award for my father Dave Hertel. I know he would be proud and he probably is. May his spirit and his legend live on in the lawn mower community. Thanks to all. Dawn Teska (Dave's daughter)

### Charles Powell "Mr. Mowjangles" Award

(Established 2007)

Charles Powell was the driving force behind the USLMRA Local Chapter System. His support, guidance and forward-thinking are what has made the LC System so successful.

Charles was a fortunate man. The three things he loved most in the world were his family, his job and lawnmower racing. How many people can say they spend their days doing what they love, in one capacity or another?

Charles loved everything about lawnmower racing: the preparation, travel, excitement, the adrenaline rush and, most especially, the people. He also loved doing whatever he could to make the sport better. He was constantly thinking, mulling tweaking – just trying, in some small way, to make it something for everyone. No one will ever know how much of himself he gave.

This award is exciting because it means someone who is working just as diligently as Charles always did will be recognized. If the recipient is anything like Charles, he/she is pretty much behind the scenes and wants no recognition, which is all the more reason for accolades.

These are the people who make things happen and keep things running smoothly, yet no one knows unless something goes wrong. They spend countless hours arranging, meeting, editing, mediating, putting in physical labor, on the telephone, sacrificing time with family and friends and sometimes their own dollars to make the Local Chapters work. They step up when called upon and just roll up their sleeves and get to work. They are leaders, and like many good leaders, they stand back when it is time for applause.

With this award comes a small token of appreciation for all the work that goes into this crazy, wonderful sport of lawnmower racing. As long as these people are willing to continue to give of themselves it will only get better and better. Tyler & Crystal, Cody, Mama MOWjangles and I can think of no better way to honor him.

Thanks Doc Kuhfeldt for announcing our races!

### Dubba G. Everyman Award

(Established 2007)

"I was put here to make others happy. I believed in myself so others could." Dubba G.

From Dubba G, himself:

1. We are looking for people with dedication, integrity and conviction to stand up for what they believe, even when unpopular.
2. The candidate will carry a positive disposition.
3. Actions on the track, including driving style, will show gentlemanly demeanor. Not necessarily always deferring to other drivers, but not creating unsafe situations. Their competitive spirit needs to be tempered with a "spirit of a sound mind".
4. Candidates are willing to help others. When times of need arise, sacrifice is not uncommon, willing to volunteer, add a hand, step up to the plate.
5. Enthusiasm is key. They want to be here, at the race, in the paddock, at the driver's meeting, their excitement will help the group's positive energy grow and surge just by their presence. People like being around the candidate.
6. General knowledge of what's going on race day, race track, in the paddock, in general. This would imply that first month rookies may not fully qualify, but depending on their learning curve, they could be in the running. This doesn't mean they have to know everything, but a good solid understanding of how things work is the basic idea.
7. Most important, at least to me, is their Sense of Fair Play. We have all seen racers over the years that possess some or a few of these qualities, but when bump comes to shove, this particular attribute gets left behind or thrown out the window, depending on the situation. This applies on the track, negotiations during the rules committee, arguments about rules infractions and who gets the last beer after the race.
8. Comes prepared to help. Spare parts, rope to hang clothes, share knowledge, extra mower to run on race day in order to keep accumulating points for the season. Having made preparations to help others in advance, knowing someone will need something. #4 shows the willingness, #8 exhibits the forethought to add extra supplies, etc.
9. One of the traditions I enjoyed most was having a steak and a beer (or mower) after the race. I know most people want to run home. But there is always a few that will stick around or meet you on the way to the airport. This one is a bit hard to wrap your arms around, but I think this is part of the mix.
10. I always preferred plaques. Trophies can be hard to store, but there's always room for a plaque. A lot less dusting along with less space used.

### Gonzo Go To Fund

(Established 2007)

*Note: As announced at the 2007 STA-BIL Nationals Weekend, funds are being created to honor the memory of late great Mike "Gonzo" Leonard, 2006 Dave Hertel Mowtivation Award Winner, who passed away in 2007. Mike loved to "go to" races, so to honor Mike, Local Chapters are collecting funds to be given to racers to help them so that they may "go to" races. Here is what the Michigan Lawn Mower Racing Association (MILMRA) is doing.*

A monetary sum will be given by random selection to one (1) racer in each USLMRA Class during STA-BIL Nationals Weekend in honor of Mike "Gonzo" Leonard.

### Mace Mullins Crew Chief Award

A Racer, Engine Builder and Crew Chief, Mace Mullins passed away on July 17, 2009. Mace, a multi-year racing champion will be honored with the Mace Mullins Crew Chief Award. "Mace was like a brother to me, and I'm proud to honor him," says a Former National AP Class Champion and Triple Crown winner. Lawn mower racers everywhere loved Mace, and I loved the guy. It was a former AP Champion Dale Becker's idea to honor Mace with this award in his honor.

Mace Mullins was an individual who would always be there for anyone. His specialty was building engines and with this expertise he assisted Dale Becker in being a successful Champion in the AP class. He was always there when needed, and he always insured that Dales Mowchine was ready come race day.

This award is to be presented to an individual who like Mace always takes the time to assist racers as a pit crewmember. doing whatever necessary to have Race Mowers ready come race day, and one who displays the knowledge and energy that sets the example for all racers.

## 2015 STA-BIL 360 PERFORMANCE NATIONALS

By Angeline Hartness Robinson

The 2015 STA-BIL National Lawn Mower Racing Series season came to an end On Sunday, Sept. 27 at the Charlotte Motor Speedway in Concord, NC. Unfortunately Mother Nature had other plans in mind for our STA-BIL 360 Performance Nationals race. The staff at both Charlotte Motor Speedway and USLMRA tried everything in their power to make this race happen, but the rain never stopped all weekend. It seems as though the word rain could sum this season up perfectly. Many of our races were cut short, extended, or just never happened this season due to rain. We still had a blast everywhere we went though, rain or not!

On Thursday with the pending threat of rain in weekend forecast, the staff members of USLMRA and TerraCross met with the Charlotte Motor Speedway staff to concoct a plan. The plan was brilliant, but it solely depended on the rain stopping like the previous forecasts had called for. Unfortunately, the rain never stopped throughout the entire weekend. Everyone was bummed, but I think the crew that had worked tirelessly for weeks on our track were the most bummed about it. Those guys worked very long hours to create for us what would have been an outstanding racetrack. It was wide, with sweeping turns. It's was hard as a rock, cured all the way down, and simply beautiful. Those guys did an outstanding job on it, and I really hate that they never were able to witness a race on their track.

I would like to tell each and every member of the Charlotte Motor Speedway staff that had a part in this thank you; Matt, Shaun, Whitney, Dennis, Ed, Scott, Steve, and anyone else that worked on this for us! Thank you from the bottom of our hearts for everything that you all did to make this perfect for us! We would also like to thank Mr. Joe Duncan with TerraCross for being so accommodating to us, he offered up his time slots for us in the event that it was raining during our times and not during his times. He was wonderful to us! We hope to be able to work together with him in the future.

With the races cancelled that left the points ending where they were heading into Nationals Weekend. I know that many of you have asked about those that were tied for points. The tie was already broken before this race to provide us with an accurate starting line up. The tie is broken by factoring in amount of wins, amount of 2nd's, and races attended during the season.

Each year after all of the racing ends, we have an Awards Banquet. I think everyone should participate in at least one Banquet during their racing careers, they are great! Since we were at the Charlotte Motor Speedway this year, our Banquet was held on the 5th floor of Smith Tower. It was beautiful; everything was just perfect from arrival until departure. We had a catered breakfast, which was amazing!

All of the awards are my favorite part. We had many special ones this year. Bruce did something amazing for Manny and Kerry. Our very own racer Ivy Stella is an amazing artist. She has been posting her work for all of us to see and even purchase. Bruce found original pieces of her art for both Manny and Kerry, they were beautiful! Little did Bruce know though, Ivy had been working on a plan for him for quite sometime. She enlisted some help from some of us in the racing world to execute her plan. She asked many of us to

write thank you notes to Bruce or our favorite memory of him for an awesome book that she put together. She had also ordered him a custom, one of a kind bobble head! He looked just like the Grass Hole, it even had that on it!!! It was perfect! Thank you Ivy for planning such an amazing gift for Bruce and including us in on it!

During the awards there were many tears, both happy and sad. We laughed, we smiled, we had a great time! We had a beautiful tribute to the late Mrs. Jackie Andrews who lost her fight earlier this month. We also had the yearly privilege of acknowledging those in the lawn mower racing world that we lost too soon by awarding the most deserving racers an award named after them. These awards are the best, they are voted on by the drivers. I would like to congratulate everyone who received one. Drivers were also given awards such as Rookie of the Year (kids & adults), Most Improved Driver, and Driver of the Year. If you were lucky enough to receive any of these awards, cherish them! It is a true honor to receive any one of them!

USLMRA also handed out a couple of National Staff Awards. One going to Mr. Eric Corner for his dedication this racing season. He made it to every race that was held in the series, that was an amazing accomplishment. I was also the recipient of one of these amazing awards for all of my hard work and dedication this year. It was a true honor for me, and I know that it was for Mr. Eric too.

Another highlight of the Banquet was the indication of Jim Witt and his late wife Janet and the entire Mikula family into the Lawn Mower Racing Hall of Fame. The indication speeches were read by Mr. Manny Torres and were eloquent and moving. Well done, Mr. Manny! I'd be remiss if I also didn't congratulate my husband, Mr. Derrick Robison for being voted Driver of the Year by his fellow racers. Congratulations, dear!

I hate to close this, only because I hate to see this season end! It has been a fantastic season from the beginning down in Florida, until the end at Charlotte MOWer Speedway. Thank you to each and every person who races with the United States Lawn Mower Racing Association, thank you to our amazing staff members (not just the ones that we see at the race tracks, but all of those behind the scenes too), and most importantly, thank you to each and every venue that has hosted us this year! You all are truly amazing; I am so excited to see where 2016 will take us all. See y'all soon!

JACKIE ANDREWS, MOWING ON...

THANK YOU K&N FILTERS!

Thank you K&N Filters for your ongoing support and MOWtivation and for sponsoring Ken Jones and AGRASSive Mowersports!

In 2015, the lawn mower racing community lost a dear friend, Jackie Andrews of Maryland. Jackie was loved by racers everywhere, and we will all miss her smiling face at the track. Mow on, Jackie: may your grass always be green.
